Claims 1 to 7 are pending.

***Priority***

1. Receipt is acknowledged of papers submitted via the International Bureau under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Drawings***

2. Figures 1A to 5B should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the Examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

***Specification***

3. The abstract of the disclosure is objected to because it should be limited to a single paragraph and avoid legal phraseology such as "means".
4. The title of the invention is not adequately descriptive. A new title is required that is more clearly indicative of the invention to which the claims are directed by referring to the two erroneous erasure prevention structures.

***Claim Rejections - 35 USC § 102***

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claim 7 is rejected under 35 U.S.C. 102(b) as being anticipated by Ota (U.S. 5,506,736). Ota discloses a recording medium cassette in the form of a tape cassette which includes a detection hole 19 and a slide portion 20 which reads on the claimed display portion in that the position of the slide portion effectively displays the recordable state the hole being open meaning recording is enabled.

***Allowable Subject Matter***

7. Claims 1 to 6 are allowed.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jefferson A. Evans whose telephone number is 571-272-7574. The examiner can normally be reached on Monday to Friday, 9:00am to 5:30pm.
